Note 1 — Reporting basis. These financial statements are management-prepared by GSO's leadership team using the organization's operational records, financial accounts, and institutional memory. They have not been audited by an independent auditor. The statements present our work on a cash basis — income is recorded when received, expenses when paid. Where we have identified errors in our historical records during the preparation of these reports, we have corrected them and noted the correction. If you have questions about any specific figure, contact us at info@gsocambodia.org.

Year in review

2010 was Global Student Outreach's first full year of sustained activity in Cambodia. Building on the organization's founding work in 2009, volunteers and local partners expanded school-support activities across six schools in Battambang and surrounding communities.

The year's work was financed primarily through volunteer trips and participation fees, supplemented by private contributions and founder support. Volunteers traveled to Cambodia to teach, assist with school projects, distribute supplies, and work alongside local communities. Homestays kept lodging costs at zero, allowing a larger share of available funds to be directed toward school materials, transport, classroom repairs, and volunteer-supported activities.
