

GLOBAL STUDENT OUTREACH · CAMBODIA

Annual Report 2022

For the year ended December 31, 2022

Local registration: Recognized by the Royal Government of Cambodia as a locally registered Non-Governmental Organization since 2009. NGO Registration #1388.

Reporting basis: Management-prepared, cash basis. See Note 1 below.

Note 1 — Reporting basis. These financial statements are management-prepared by GSO's leadership team using the organization's operational records, financial accounts, and institutional memory. They have not been audited by an independent auditor. The statements present our work on a cash basis — income is recorded when received, expenses when paid. Where we have identified errors in our historical records during the preparation of these reports, we have corrected them and noted the correction. If you have questions about any specific figure, contact us at info@gsocambodia.org.

Year in review — rebuilding with purpose

2022 was a year of careful rebuilding. The organization did not attempt to recreate the prior volunteer volume immediately. Instead, it restored selected education activities, maintained productive assets, and began organizing field information so future village partnerships could be assessed more responsibly.

Selected volunteer education placements resumed with smaller groups and more predictable schedules. Shade houses, cow placements, goat households, and solar-powered catfish systems were maintained. GSO focused on repairing systems, restoring records, and rebuilding relationships with schools and village partners after the period of severe travel disruption.

Highlights

Measure	2022 position	
Annual support and revenue		\$90,000
Volunteers hosted or supported		24
Program services	85.0% of expenses	
Staffing model	2-person operating team (project officer + finance/admin)	

Eco-tourism exploration begins

In 2022, GSO began treating Phnom Samkos Wildlife Sanctuary as a possible conservation and livelihood setting. Discussions focused on short guided walks, local knowledge, trail conditions, and the principle that any future visitor activity should benefit nearby communities and protect the forest. No large tourism operation was assumed; the work remained exploratory and low-impact.

Tampor Village partnership begins

Exploratory conversations began with households and leaders in **Tampor Village**, which would become GSO's principal partnership focus in subsequent years.
